Summer in the City

SOUTH BEACH

STAY >>

Sagamore Hotel (sagamorehotel.com) is full of amazing contemporary art, including Pablo Cano's *Lady Liberty*, composed of industrial materials, and Massimo Vitali's hypnotizing photograph of people picnicking. It all spills from murals in the stairwells to video installations in the garden and onto the lobby walls. The Sagamore's location puts you steps from both the shore and Lincoln Road. miamiansbeaches.com — SUSAN FRIEDMAN
